Profile

Software engineer with a background in teaching and classical languages. Recently graduated from **intensive Web Development bootcamp** where I led group development of capstone project and was recruited to be a TA. **Motivated, quick learner who enjoys complex problem solving and teamwork**.

Skills

- **Full-stack web development:** HTML, CSS/SASS, JavaScript, React.js, Ruby/Rails, RSpec, Heroku, PostgreSQL, REST APIs
- **Data analysis and machine learning:** Python, Matplotlib, Scikit-learn
- **Collaboration:** Git, Github

Projects

Cheddar (2023-24)
- Simplifies job searching by completing job applications on users' behalf.
- Built **web scraping and API tools** as well as search, filter and auto-apply functions.

Hero (2023)
- Led team in developing parenting web app using **Ruby on Rails**, **JavaScript**, **PostgreSQL** and **geocoding APIs**.
- Designed **Ajax UI components**, **location mapping** and **sort and filter algorithms**.

Education

Web Development, *Le Wagon, London*
09/23 - 12/23
- 9-week full-time intensive coding bootcamp learning HTML / CSS, JavaScript, React, SQL, Git, Heroku, Ruby / Rails and more
- Designed, built and shipped to production a clone of AirBnB
- Successfully pitched my idea for Hero web app and led team of 4 that completed the project in 2 weeks

Joint MA European History (Distinction),
King's College London,
Humboldt-Universität zu Berlin
09/13 - 06/15
- Earned a dissertation mark of 85

BA Latin, 09/04 - 06/09
University of Oregon, USA

Professional Experience

Teaching Assistant, *Le Wagon, London*
01/24 - present
- Supporting the teaching of key web development concepts (predominantly in Ruby/Rails, JavaScript, HTML, CSS and SQL)

Private Tutor, *Freelance, London and online*
09/17 - 09/23
- More than 90% of pupils met primary targets, including places at highly competitive schools and universities

Teacher of Classics and History
St Philip's School, London
05/21 - 09/22
- Rewrote curriculum to boost engagement and better integrate teaching of core skills
- Developed multimedia quiz tournament platform to improve classroom engagement

Translator, *Freelance, Mexico, Berlin, London*
01/10 - 09/18
- Worked in four source languages
- Used translation memory tools to expedite workflows without sacrificing accuracy
